2000 Rhododendron maximum, clumps, Nursery grown, (ask for prices).

Not less than 10 plants of a kind or size at above prices.

All the above are transplanted nursery grown stock. Stock balled and burlapped at 8 to 20 cents each according to size. Rhododendrons can best be sent in car lots. Your orders should be placed at once, as stock is becoming scarcer daily.

Yours truly,

3-4 ft. clumps at 4.00
